As we approach the date of our signature event, the **McGregor Gala**, on **September 19, 2024**, we are reaching out to community leaders and business owners who have shown dedication and support to cultural enrichment in the Coastal Bend area.

The McGregor Gala is not only a celebration of science and history but also our most crucial fundraising event of the year. This year, we aim to raise \$175,000 to expand and enrich our educational programs and exhibits. A pivotal points of our gala are the silent and live auctions, which generate excitement and significant funding toward our goal.

We would be honored if you could contribute to this effort by donating an item or service for our auctions. Popular auction items include gift certificates, services, artwork, experiences, and luxury goods, but we welcome any contribution that reflects the quality and spirit of you or your business. In appreciation of your donation, we will feature your business in the event program and during the auction, as well as in related press releases and promotional materials.

Please find attached a donation form for your convenience. We are happy to arrange for item pickup or discuss any details further at your earliest convenience.

Thank you for considering this request and for your continued support of the Corpus Christi Museum of Science and History. We hope to feature your generous contribution at the McGregor Gala and look forward to any opportunity to partner with you in making a meaningful impact in our community.

Sincerely,

Karen Stevenson
