Mars Student Imaging Project 2014-2015 Student Application

Dear Teen Applicant:

We are excited you are wanting to participate in the Mars Student Imaging Project. This collaboration with NASA and Arizona State University will offer you some real world science application, the ability to learn more about outer space and Mars, and a chance to work with other high school students from around the area. There will be two semesters of the project, fall and spring, with each semester having a new set of students. The program is completely free to you and can be paired with volunteer experience at the museum. The group will meet September-December two weekends a month for 4 hours and January-April two weekends a month for 4 hours.

The following three (3) documents must be submitted as part of the application:

1. Student Application sheet
2. Letter of recommendation from a teacher
3. A 2-3 paragraph essay telling us why you like space.

Only complete applications will be considered. The information submitted will be reviewed thoroughly, and kept confidential.

Please email your application sarahc@cctexas.com or mail it to:

Attn: Sarah Coles, Education Director
Corpus Christi Museum of Science & History
Mars Student Imaging Project
1900 N Chaparral St.
Corpus Christi TX 78401

If you have any questions please feel free to call or email me at 361-826-4661 or sarahc@cctexas.com.

Thank you,
Sarah Coles
